

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Issue date: 12/17/2021 Revision date: 04/13/2023 Version: 2.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Mixture
Product name	: ERSYSTEMS 1000 FG
1.2. Recommended use and restricti	ons on use
No additional information available	
1.3. Supplier	
Holcim Solutions and Products US, LLC	
26 Century Boulevard, Suite 205	
Nashville, Tennessee 37214	
1-800-878-7876 • www.holcimersystems.cor	n
1.4. Emergency telephone number	
Emergency number	: For Chemical Emergency
	Spill, Leak, Fire, Exposure, or Incident
	CHEMTREC: Within USA and Canada: 1-800-424-9300
	Outside USA and Canada: +1-703-527-3887 (collect calls accepted)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance	or mixture
GHS-US classification	
Not classified	
2.2. GHS Label elements, including	precautionary statements
GHS US labelling	
No labelling applicable	
2.3. Other hazards which do not rest	ult in classification
No additional information available	
2.4. Unknown acute toxicity (GHS U	3)
Not applicable	
SECTION 3: Composition/information on	ingredients
3.1. Substances	
Not applicable	
3.2. Mixtures	
Contains no hazardous ingredi	ents at levels requiring disclosure by the OSHA Hazard Communication Standard (29 CFR 1910.1200)
SECTION 4: First-aid measures	
4.1. Description of first aid measure	
First-aid measures general	 If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.
First-aid measures after inhalation	: IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing.
First-aid measures after skin contact	: IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes.
First-aid measures after eye contact	: IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing.
	IF CMALL CMAED, since merch there we have been as induce consisting without out in from a since

First-aid measures after ingestion : IF SWALLOWED: rinse mouth thoroughly. Do not induce vomiting without advice from poison control center. Get medical attention if you feel unwell.

4.2. Most important symptoms and effects (acute and delayed) Symptoms/effects : Not expected to present a significant hazard under anticipated conditions of normal use.

: May cause respiratory irritation.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58	/ Monday, March 26, 2012 / Rules and Regulations
Symptoms/effects after skin contact	: May cause skin irritation.
Symptoms/effects after eye contact	: May cause eye irritation.
Symptoms/effects after ingestion	: May cause gastrointestinal irritation.
4.3. Immediate medical attentio	n and special treatment, if necessary
No additional information available.	
SECTION 5: Fire-fighting measures	
5.1. Suitable (and unsuitable) ex	xtinguishing media
Suitable extinguishing media	: Dry powder. Foam. Carbon dioxide. Water spray.
5.2. Specific hazards arising fro	om the chemical
Fire hazard	: No data available.
Explosion hazard	: No data available.
Reactivity	: Stable under normal conditions.
5.3. Special protective equipme	ent and precautions for fire-fighters
Precautionary measures fire	 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Firefighting instructions	: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment.
Protection during firefighting	 Do not enter fire area without proper protective equipment, including respiratory protection. Self-contained breathing apparatus.
Other information	: Under fire conditions closed containers may rupture or explode.
SECTION 6: Accidental release meas	sures
6.1. Personal precautions, prote	ective equipment and emergency procedures
General measures	 Evacuate area. Ventilate area. Keep upwind. Spill should be handled by trained cleaning personnel properly equipped with respiratory and eye protection.
6.1.1. For non-emergency person	nel
Protective equipment	: Wear Protective equipment as described in Section 8.
Emergency procedures	: Evacuate unnecessary personnel.
6.1.2. For emergency responders	
Protective equipment	: Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.
6.2. Environmental precautions	
Prevent entry to sewers and public wate	ers. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.
6.3. Methods and material for co	ontainment and cleaning up
For containment/cleaning up	: SMALL SPILL: Dike area to contain spill. Take precautions as necessary to prevent contamination of ground and surface waters. Recover spilled material on absorbent, such as

For containment/cleaning up : SMALL SPILL: Dike area to contain spill. Take precautions as necessary to prevent contamination of ground and surface waters. Recover spilled material on absorbent, such as sawdust or vermiculite, and sweep into closed containers for disposal. After all visible traces, including ignitable vapors, have been removed, thoroughly wet vacuum the area. Do not flush to sewer. If area of spill is porous, remove as much contaminated earth and gravel, etc. as necessary and place in closed containers for disposal. Only those persons who are adequately trained, authorized, and wearing the required personal protective equipment (PPE) should participate in spill response and clean-up.

LARGE SPILL: Keep spectators away. Only those persons who are adequately trained, authorized and wearing the required personal protective equipment (PPE) should participate in spill response and clean-up. Ventilate the area by natural means or by explosion proof means (i.e. fans). Know and prepare for spill response before using or handling this product. Eliminate all ignition sources (flames, hot surfaces, portable heaters and sources of electrical, static, or frictional sparks). Dike and contain spill with inert material (e.g. sand, earth). Transfer liquids to covered and labeled metal containers for recovery or disposal, or remove with inert absorbent. Use only non-sparking tools and appropriate PPE. Place absorbent diking materials in covered metal containers for disposal. Prevent contamination of sewers, streams, and groundwater with spilled material or used absorbent.

6.4. Reference to other sections

See Sections 8 and 13.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling	: Do not handle until all safety precautions have been read and understood. Handle in accordance with good industrial hygiene and safety procedures. Do not get in eyes, on skin, or on clothing. Avoid breathing vapors, mist. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
7.2. Conditions for safe storage, includir	ng any incompatibilities
Technical measures	: Empty containers retain product residue and can be hazardous.
Storage conditions	: Store in a dry, cool and well-ventilated place. Keep the container tightly closed.
Heat and ignition sources	: Avoid ignition sources.
Special rules on packaging	: Keep only in original container.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Not applicable

8.2. Appropriate engineering controls

Appropriate engineering controls

: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas.

8.3. Individual protection measures/Personal protective equipment

Personal protective equipment symbol(s):

Personal protective equipment:

Gloves. Protective goggles. If spraying, protect with wearing suitable respirator or mask.

Materials for protective clothing:

Wear suitable protective clothing, gloves and eye/face protection

Hand protection:

Use gloves appropriate to the work environment

Eye protection:

Use eye protection suitable to the environment. Avoid direct contact with eyes.

Skin and body protection:

Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.

Respiratory protection:

Use NIOSH (or other equivalent national standard) -approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical a	nd chemical properties
Physical state	: Paste
Appearance	: Milky viscous liquid
Color	: White
Odor	: Slight ammonia odor
Odor threshold	: No data available
pH	: 9-10.0
Melting point	: No data available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

•			
Freezing	point	:	No data available
Boiling p	oint	:	No data available
Flash po	int	:	No data available
Relative	evaporation rate (n-butyl acetate=1)	:	No data available
Flammal	pility (solid, gas)	:	No data available
Vapor pr	essure	:	No data available
Relative	vapor density at 20 °C	:	> 1 (air = 1)
Relative density		:	No data available
Density		:	11.64 lb/gal
Solubility	,	:	No data available
Partition	coefficient n-octanol/water (Log Pow)	:	No data available
Auto-ignition temperature		:	No data available
Decomposition temperature		:	No data available
Viscosity, kinematic		:	No data available
Viscosity, dynamic		:	No data available
Explosiv	e limits	:	No data available
Explosive properties		:	No data available
Oxidising	g properties	:	No data available
9.2.	Other information		

VOC content

: 47.9 g/l (EPA 24 Method)

SECTION 10: Stability and reactivity

10.1. Reactivity

Stable under normal conditions.

10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of hazardous reactions

None known.

10.4. Conditions to avoid

High temperatures, incompatible materials.

10.5. Incompatible materials

Acids. Alcohols. Alkalis. Amines.

10.6. Hazardous decomposition products

Can be released in case of fire: carbon monoxide, carbon dioxide, nitrogen oxides, hydrogen cyanide.

SECTION 11: Toxicological information	
11.1. Information on toxicological effects	
Acute toxicity (oral)	: Not classified
Acute toxicity (dermal)	: Not classified
Acute toxicity (inhalation)	: Not classified
Skin corrosion/irritation	: Not classified
	pH: 9 – 10.0
Serious eye damage/irritation	: Not classified
	pH: 9 – 10.0
Respiratory or skin sensitisation	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Titanium dioxide (13463-67-7)	
IARC group	2B - Possibly carcinogenic to humans
In OSHA Hazard Communication Carcinogen	Yes

SECTION 12: Ecological information	
12.1. Toxicity	
Ecology - general	: No information available.
Hazardous to the aquatic environment, short- term (acute)	: Not classified.
Hazardous to the aquatic environment, long- term (chronic)	: Not classified.
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
12.4. Mobility in soil	
No additional information available	
12.5. Other adverse effects	
Other adverse effects	: No data available.
SECTION 13: Disposal considerations	
13.1. Disposal methods	
Waste treatment methods	: Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.
Product/Packaging disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.
SECTION 14: Transport information	

In accordance with DOT

Not regulated for transport

Transport by sea (IMDG)

Not regulated for transport

Air transport (IATA)

Not regulated for transport

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 15: Regulatory information

15.1. US Federal regulations

ERSYSTEMS 1000 FG

All chemical substances in this product are listed as "Active" in the EPA (Environmental Protection Agency) "TSCA Inventory Notification (Active-Inactive) Requirements Rule" ("the Final Rule") of Feb. 2019, as amended Feb. 2021, or are otherwise exempt or regulated by other agencies such as FDA or FIFRA SARA Section 311/312 Hazard Classes None

15.2. International regulations

No additional information available

15.3. US State regulations

WARNING:

This product can expose you to Silica: Crystalline, quartz, which is known to the State of California to cause cancer, and Ethylene glycol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Component	Carcinogenicity	Developmental toxicity	Reproductive toxicity male	Reproductive toxicity female	No significant risk level (NSRL)	Maximum allowable dose level (MADL)
Silica: Crystalline, quartz (14808-60-7)	X					
Ethylene glycol (107- 21-1)		х				8700 µg/day (oral)
diuron (ISO); 3-(3,4- dichlorophenyl)-1,1- dimethylurea (330-54- 1)	x					
Titanium dioxide (13463-67-7)	X				Not available	
Formaldehyde (50-00- 0)	X				40 µg/day

Limestone (1317-65-3)	U.S New Jersey - Right to Know Hazardous Substance List; U.S Pennsylvania - RTK (Right to Know) List

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Component	State or local regulations
Kaolin (1332-58-7)	U.S New Jersey - Right to Know Hazardous Substance List; U.S Pennsylvania - RTK (Right to Know) List; U.S Massachusetts - Right To Know List
Ammonia (7664-41-7)	U.S Massachusetts - Right To Know List; U.S New Jersey - Right to Know Hazardous Substance List; U.S Pennsylvania - RTK (Right to Know) - Environmental Hazard List; U.S Pennsylvania - RTK (Right to Know) List
3-lodo-2-propynyl butylcarbamate (55406-53-6)	U.S New Jersey - Right to Know Hazardous Substance List

SECTION 16: Other information

Revision date Other information	: 04/13/2023 : Author: JMM.
NFPA health hazard	: 0 - Materials that, under emergency conditions, would offer no hazard beyond that of ordinary combustible materials.
NFPA fire hazard	 O - Materials that will not burn under typical fire conditions, including intrinsically noncombustible materials such as concrete, stone, and sand.
NFPA reactivity	: 0 - Material that in themselves are normally stable, even under fire conditions.
HMIS Hazard Rating	· ·
Health	: 0
Flammability	: 0
Physical	: 0

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
